Dear Sir / Madam,

The University of Szeged (Hungary) is pleased to announce the second French language European Summer University. Following the success of the first summer university that organised in July 2009 - which was attended by a hundred participants from twenty two countries - the European studies centre of Szeged launches its second this year of 5 to 10 July 2010 in Budapest.

We kindly ask you to put up the information relating to the summer university in a visible place and make this information accessible to French speaking professors and students of your institution.
